

Contact Lens Fitting Agreement for The Eye Institute of Reston.

All patients require a contact lens evaluation every year, in doing so the doctor assesses your eye to make sure cornea, lids and lashes are healthy, and also that your vision with contacts is stable. If you are a first time contact lens wearer the doctor also assesses if you are a candidate for contact lenses. If you are an existing contact lens wearer the doctor must evaluate the current lenses you are in and make sure they are still satisfactory in first and vision.

The charge for evaluating and determining your suitability for contact lens wear is not included in the comprehensive exam fee or refraction fee. A comprehensive eye exam must be performed within 90 days prior to the contact lens fitting. If you have not had an exam in 90 days, a repeat examination will be conducted, and you may be billed for this exam.

The fee for contact lens fitting and initial follow up depends on the examination results and the type of lenses that will be prescribed. The following products and services are included in the contact lens fitting and evaluation fee:

- Professional examination of the contact lens fit and power.
- Contact lens related follow up care for up to 90 days.
- Trial pair of contact lenses.
- Trial size contact lens solution and new contact lens case.
- Free replacement of damaged or defective lenses when first opened.
- 50% savings on back-up glasses (frame and plastic lenses) & sunglasses (except Ray Ban and Oakley).

FITTING FEE STRUCTURE

Basic: Spherical contact lenses (without astigmatism) in both eyes (non- monovision fit) = \$90

Toric: Contact lens fit for astigmatism = starting at \$110

Advanced: CL for cyl power greater than -2.50, monovision or multifocal fit \$130- \$175

Speciality: RGP fit = \$175-300

Professional insertion and removal training = \$30 (For new contact lens wearer).

- Some insurances to cover the cost of contact lens fitting and/ or materials.
- The supply of contact lenses is billed separately and must be paid for in full before they are ordered.

Contact lens prescriptions will only be released after the initial fitting period is successfully completed and after all fees are paid
